“ Re: Genealogy Family Beaudemont/Boutemont/Buttmann and Putman (all the same). Here is a small explanation. First your ancestors were french Huguenots from the area Thierache, they fled to Germany and then to America. So their name changed from French to German to English. There is another famous example from the same areas (they must have known): French: Le Comte - German: Legund - American: Gund (you know the beer and the plush animals!)“
