### YORK COUNTY MARRIAGE RECORDS

The County marriage registers for the County of York are for the years 1812 to 1888. There are a number of marriage record for earlier dates in Church Records, and there is an index of Civil Marriages from the York General Sessions, Vol I. {Vol I, has now been found and filmed at the PANB.}

There are also a few marriages 1844 to 1890 filed in the Archives as Queensbury Marriage Records. These seem to be marriages that were not recorded in the County Registers, also one of the County registers have a number of marriages that were not included in the index for that book. They are for the years 1832 - 1836.
