FARMER-LABOR ENDORSING CONVENTION
late Wednesday defeated a motion which would have banned any fusion attempts. Whether the Farmer-Labor party will have a slate of presidential electors was left to the decision of the central committee.

In return for Farmer-Labor votes in the presidential race, the Democrats would through their support indirectly get behind Olson in his contest with Earle Brown, Republican endorsee.

The full slate of Farmer-Labor candidates picked at the convention without a contest except in the case of railroad and warehouse commissioner includes:

Governor—Floyd B. Olson (incumbent).

Lieut. Governor—Henry Arens (incumbent).

Secretary of State—John T. Lyons, Le Center building contractor.

Attorney General—Harry H. Peterson, former Ramsey county attorney.

State Treasurer—A. H. Kleffman, Hibbing.

Railroad and Warehouse Commissioner—Knud Wefald, Hawley, at present secretary of the state commission of administration and finance.

national convention will be cast for Franklin D. Roosevelt until a majority of the delegation is convinced the New York governor has no chance of winning the nomination.

Although at least two, perhaps more, of the delegates favor some candidate other than Roosevelt, the delegation was formally instructed by the Democratic state convention yesterday to vote for Roosevelt under the so-called unit rule. The instruction resolution was passed by a vote of 286 to 245 after it previously had been tabled by a decisive vote.
