

Descendants of Tamar Johnson

Generation 1

1. **TAMAR¹ JOHNSON** was born on 25 Dec 1814 in Weaverthorpe, East Yorkshire, England^{1, 2, 3, 4, 5, 6, 7}. She died on 09 Oct 1906 in Caledon Twp., Peel Co., ON, CA^{8, 9, 10}. She married **JOHN PINKNEY** on 09 Jul 1835 in St James Anglican, Toronto, ON, CA^{11, 12}. He was born about 1814 in England^{13, 14, 15, 16, 17}. He died on 14 Feb 1888 in Orangeville, Mono Twp., Dufferin Co., ON, CA^{17, 18}.

Notes for Tamar Johnson:

According to the 1901 census, she immigrated in 1828 and it is probable that Tamar and another sister (Mary?) immigrated with their older brothers Christopher and William in that year. Family information reported in the Hamilton Spectator (undated clipping of 1933) shows the entire family emigrating in 1832, but these four children all gave their immigration year as 1828 for the 1901 census.

Tamar was baptized on Nov 7, 1815, so she must have been born prior to that. The 1901 census gives her birthdate as 25 Dec 1813, but I think that is one year too soon. Tamar was the eighth child born to her mother and the parish register gives the actual birthdate for the first 3 children and they were all baptised within 2 days of birth. The rest of the children don't have their actual birthdate given, so perhaps they were baptised after a greater delay. If Tamar was born before April 1 1813 when her sister Mary was baptised, then why weren't the two of them baptised together? Given the close spacing of the baptism dates for Hannah, Susannah and Mary, I don't think Dec 25 1813 is an acceptable birthdate. Furthermore, for Tamar's death notice in the Brampton Conservator, she was "in her 94th year", but her tombstone says she was "aged 94". If Dec 25 is accepted as her birthday, then the latter means a birth year of 1811 while the former means a birth year of 1812, both of which are unacceptable.

The Tweedsmuir History for Caledon (Peel Co) by Alton Women's Institute (1978, see Ontario Archives film: MS 8 roll 105) says that Tamar & John had a family of 9 and proceeds to name only 8. Census records suggested 11, but I have found that both the second Elizabeth and Margaret A. are grand-daughters, possibly born out of wedlock.

Tamar is a biblical name, being Judah's daughter-in-law (Gen. 38: 6-30) as well as Absalom's sister (2 Sam. 13:1-22). Her father's parents also named a daughter Tamar.

- 1 Deductive reasoning, Tamar's tombstone reads "Died Oct 9 1906 aged 94 yrs" which would make her born 1811 if her birthday is Dec 25. It is VERY worn, however it is very easily read by using a finger to follow the depression. In actual fact, her death notice in the Brampton Conservator on Fri Oct 19, 1906 says: "Mrs. Pinkney was in her 94th year" Which of course is one year younger than the tombstone says. Perhaps Tamar was actually born Dec 25, 1814 and a mistake was made by those reporting her age for the census and the tombstone. Tamar is 34 in 1851, 45 in 1861, and 55 in 1871. The latter two suggest 1815 for a birth year if we agree on Dec 25 as the real birthday but she was baptised on Nov 7 1815.
