## Add Your Flag - Join the Hawkins Worldwide DNA Project!

**Are you the last male in your Hawkins line? Test now!**

We now have 144 participants in our Hawkins Y-Project. Of these, two are in Australia, three were born in Canada, and seven live in the UK.

By the time of our next newsletter, 30 April, I anticipate that Family Tree DNA's "Family Finder" will be opened to the public (currently in Beta development). I do not know a lot about it, other than that it is an autosomes test, and I believe that it will avail female testing that could be conclusive to their surname line. Do any of you that are interested in our Hawkins project, have a scientific background in DNA?

Re my Wiltshire Hawkins website at <http://freepages.genealogy.rootsweb.ancestry.com/~hawkinsdnaproject/wilts.html>, do you identify with any of those identified? If you have ancestors that should be added to this group, please advise.

Bob Hawkins, 26 March 2008.

My Hawkins family has been researched by my cousins Ralph Hawkins, archivist at the Society of Australian Genealogists in Sydney Australia, and Dahlis Feltham (ne Jolly). This wedding day photo, 29 December 1868, in

Melbourne Victoria and probably in the suburb of Hawthorn. The bride Mary Brooks was Rachel Hawkins, nee Brooks, sister.

Starting with the earliest confirmed Hawkins family member we have the following.

In the very near future I will take the DNA test and hope that our family can be traced back to the family of Admiral Sir John Hawkins, this is why I became involved in our family history as I had always believed that grandfather Charles Loftus had established that link. Discussions with living family members have not heard of this supposed connection so hopefully DNA will help to put it in its proper perspective from what is known of the Hawkins world family as it is known at this point in time. We also have to keep in mind that with the testing of future people the groupings and links might change. Bob Hawkins

Who were our Civil War ancestors? I will start us off by attaching a photo of my 2-gr-grandfather, Edward Pinkard Hawkins. It is hard to believe that our Civil war ancestors were so recent, isn't it.

Edward Pinkard Hawkins was living in Louisa County, Virginia during the Civil War. He was an entrepreneur and a Baptist preacher. It is said that he was a Confederate chaplain for the battles that took place in the area where he lived. He was born in 1826, so he would have been about 40 during the Civil war. Marsha Moses

I ran a will translation last month and was going to send the other part, but I'm having trouble translating it. I'll try and have it done by next month. Instead, I am forwarding a history page that I received from Cheryl Prebula a descendant of Jehu Dyer Hawkins, Sr. It is about his youngest son Henry (Harry) George Hawkins.

#### HISTORY OF DENTON COUNTY [Texas] [page 43]

##### HAWKINS SETTLEMENT

This settlement was founded in 1853 by Rev. Wm. E. Bates and in 1854 by W. H. Bates, Harry Hawkins, and the six sons and four sons-in-law of Harry Hawkins. It was near the east county line on the waters of Panther Creek. It was called the Kentucky Settlement by some, because these people immigrated from Kentucky. They were Methodist in their church affiliation. Many Kentuckians felt like they were kinsfolk of these people and settled by them. The Hawkins' predominating in numbers, it was called the Hawkins Settlement. Rev. William E. Bates organized them into a Methodist society and in 1857 they built a church house and called it Zion, after the old Zion church in Kentucky, from whence they came. Many great meetings were held here, and the people were very zealous and fervent in their worship. The standard of morality was high, resulting in a high order of citizenship to the honor of this Kentucky colony whose roll call will never grow old to the writer :

**Hawkins Family Group-04** (My, your editor's, family group, [phil\\_hawkins@sbcglobal.net](mailto:phil_hawkins@sbcglobal.net)): Earliest known common ancestors are Jeffery and Dorothy (Mattock) Hawkins, emigrating from Wilts, England in 1682 to Bucks Co., PA.

You do not have to be a participant to send material for this family group. Old pictures, family stories, unanswered questions, brick walls, whatever would be of interest to our line, to your branch of the line, or information on a particular event that might have been an influencing factor in the history of an ancestor (s). If you send pictures please scan at 300 dpi, and furnish the who/when/where/why to the extent you can.

This month I am listing what I have on Nathan Hawkins, the fifth son of James and Martha (Hollowell). Next month I'll cite the sources for what I have on Nathan. In May, we'll present information on the remaining brothers, James, Amos, and William. Please send me any information that you can on James, Amos, and William to help me with this?

I do not have a lot on these brothers, and almost nothing on some. I would appreciate any information that any of you would share with me, especially pictures and stories from their lives.

A side point on this line, two of my grandchildren attended the Roy Gomm grade school in Reno, NV (see ..... 6 Lorraine Hawkins b: Abt. 1915 in Colorado below). Gomm was a respected school administrator.

**Hawkins Family Group-05** (Group Leader is Jeanne Bornefeld, [jeanne.bornefeld@yahoo.com](mailto:jeanne.bornefeld@yahoo.com).)  
[http://freepages.genealogy.rootsweb.ancestry.com/~hawkinsdnproject/tree\\_g-1.html#Group-05](http://freepages.genealogy.rootsweb.ancestry.com/~hawkinsdnproject/tree_g-1.html#Group-05))

It has occurred to me that there must have been correspondence among the various families of my Hawkins line. How else would they have moved apart and then come back together and moved apart and come back together over and over again? In the 1790's John of Abbeville was in the Carolinas as was Nathan and his family. Their kids grew up in the area and survived the horrible Revolution (our 1st Civil War). Nathan's son, Aaron, was lost in that time period as was a son of John of Abbeville. Some were "Patriots" and some were "Loyalists". None were Tories.

The War did not end at the official dates in our history, but went on and on. After the War was over, there was much continual killing and torture, especially of those perceived as Loyalists. There is always someone out for revenge.

Desperate times produce desperate people. The Harp brothers came out of that period of time and place. They changed the course of many people's families with their murderous forays in the Carolinas, Kentucky and the Natchez Trace.

General Cleveland of NC continued to hang people years after the end of the War. There are no court records of his atrocities. However, they are well documented in the Revolutionary War Service and Pension Records.

After the war and in the early 1800's, John of Abbeville's family and Nathan's family went up into the eastern edge of Indiana. They settled in Bartholomew, Fayette, Dearborne and Franklin Counties. After a while, some of the next generation went over to the west side of Indiana to Fountain County and mixed with the descendants of Matthew, son of Nathan, who had come up out of western KY.

After they were there a while some moved on to Iowa.

Augustine's kids out of Maryland went down to NC and then to TN and then to Indiana where the others were and some went on to Missouri and eventually Texas. Matthew's son, James Dixon, went to Texas settling Candela, Coahuila, Mexico.

The Revolution produced family splits. Nicholas, s/o Nathan, did not join his family migration to IN, but went to Christian Co KY, alone. He served in the Revolution. Matthew, s/o Nathan, went to Daviess Co KY, alone. He, too, served in the Revolution, but changed sides later in the War.

No siblings went with these two men who were brothers. Matthew was a Patriot early and a Loyalist, later. Did Aaron's death have anything to do with this change of heart? Matthew took Aaron's wife and kids to SC for safety. There were strong feelings in this family.

The timely moving from place to place by groups of this family in far flung places to centralized places leads me to believe there was some correspondence among them. I have found only one letter and that was from James Dixon Hawkins in Candela, Mexico inquiring about his family in KY. as a very old, blind man.

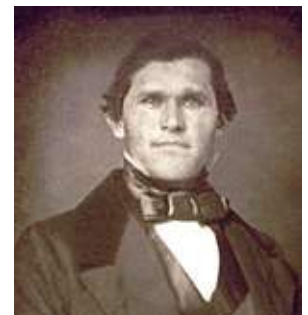

Many of you that are descendents of this Hawkins line have stories and pictures that others do not. How about contributing?

The following is a brief record of my Great Grandfather Thomas James Hawkins. Thomas was born in Nashville, Davidson Co. TN on 2 Aug 1830 to Robert and Rosetta (Inyard) Hawkins. He married Selina Williams in Nashville on 4 Jan 1857. They moved to Manchester, Coffee Co., TN in time to be on the 1860 Census for Coffee Co. Their four children, Lewis, Mary, Rosetta, and Robert, were born in Manchester.

The family moved back to Nashville before the 1880 Davidson Co. Census.

Group 17, participants and our families continue our search for a common ancestor focusing on the parentage of Abraham Hawkins who we feel would connect the two remaining branches of our tree. Sadly, we learned via AGBI that people have been looking for documented evidence of his parents since the mid 1930's. The one true lead we have been working is a 1902 letter from Abraham's grandson to another relative talking about his family. From this Abraham has a brother who moved to New York, a father who was a beef butcher, and ran away from home when forced to do apprentice with a carpenter. Hoping for a breakthrough to match our DNA results soon.

Many of you that are descendents of this Hawkins line have stories and pictures that others do not. How about contributing? Scott

If you maintain a web site with Hawkins information, please add a link to our Hawkins DNA Project. If you maintain a website that relates to any of our Hawkins DNA lines, please advise, and I'll list a link for it on our site.

If you know someone that would like to be on the Hawkins project information mailing list, please send me their name and email and I'll add them. Anyone that desires not to be on the list should request removal.

\*\*\*

Please advise us of any planned Hawkins reunions. We would like to list them indicating the patriarch, place, dates, and any other special information. Consider collecting donations to have some of the cousins in your group tested. Maybe you have the perfect paper records, but the mutations that occur in the separate lines need to be identified now for succeeding generations (and just maybe, your paper records are not as solid as you assume).
