HAWKINS HERITAGE

Published by
The Hawkins Family Organization

PURPOSE: The Hawkins Family Organization began in 1985. It is conducted by mail and has no scheduled meetings. The purposes are: To promote genealogical research on the James and John Hawkins families and related lines; to promote and share family history; and to strengthen extended family ties.

NEWSLETTERS: HAWKINS HERITAGE is planned for three issues a year in Apr., Aug., and Dec. All members are encouraged to contribute letters and material to the editor. It is preferable if you would type your material, but if not convenient, please share it anyway.

QUERIES: You may send queries to the editor for publication, within reasonable limitations of length.

MEMBERSHIP AND SUBSCRIPTIONS: HAWKINS HERITAGE was begun with the hope of identifying the parents of James and Margaret (?) Hawkins, b. c1765 and 1768 in VA. Vital Statistics show that they lived in Stafford County, VA from 1793 until 1825, when they emigrated to Clark County, KY. One son, John R., married into the Hawkins/Bourne line, which may be a connecting Hawkins branch of the above James. Because of an apparent need for "group" research, our publication is now open to descendants of all Hawkins lines.

Individual Membership and subscription is \$12 per year. Contributing Membership and subscription is \$20 per year (may vote).

Subscriptions begin with the April issue. Subscribers during the membership year may receive back issues of the current year or begin with the next year and pay for any single back issues. Back issue are \$4 each. The 1st issue was Dec. 1986; 2nd, Apr. 1987; 3rd, 1988; continuing with Aug. & Dec. from then on.

PEDIGREE SERVICE: You are welcome to send your Hawkins pedigree chart to be checked with our collection. You will be given any additional information that we might have in our files which might match up with your own. Your chart will be filed for possible future contact. Our Hawkins ancestors files deal mostly with Hawkins of the South and Southwest, though not entirely. Cost of this service is \$1 to cover search and photocopies, plus an SASE.

The Hendrix Cemetery is located on Sherburne East Fork Road. The Hendrix family moved to the East Fork section in very early 1800's and owned this land where the family burial ground is located. Cross the East Fork Creek by bridge, almost directly in front of the East Fork Church.

Bits and Pieces of the Hawkins Family Puzzle

(This material taken from the book by Millie Showalter Farmer)

I arrived at Patsy Sullivan's the latter part of March and he and I farmed together for two years 1891-2 farmed some 20 A. of land. His sister Jo kept house for us and his brother Jerry worked for us the first year. In April of 1892 Mother went to New Mexico as her brothers Charley and Allison and sister Lillie were there. She staid only one year, during this year she taught one term of school near Fort Stanton receiving \$50 per month. It was on the 27 of March that she returned to Hiawatha Kansas and we were married just one month later the 27, of April 1893. We had not seen each other for more than two years.. We had two good years and raised two good crops, had a good many hogs and fed some cattle. When I left this place near Friend I had property to the value of \$1800. This to show for my two years roaming and four years of farming. During all this time Mother and I had carried on our correspondence. In March 1893 she returned from New Mexico. At Christmas time 1892 I went back to my home in Indiana- had been gone seven years- was there about four weeks- had a wonderful visit. On Thursday April 27, 1893 Mother and I were joined in wedlock. Were married at her home at Carson Kansas. The following day we started for our new home at Beaver Crossing Nebr. Staid all night in Lincoln, getting home the evening of April 29 1893. I think Mother was very disapointed when she saw her new surroundings and the little we had in the house. But she staid and complained very little. I know it was very lonesome for her. Our first year 1893 was a very short crop but we managed to get through pretty well. 1894, March 14 our first baby was born Hampton Leroy Hawkins. He was a big healthy fine baby and life held more for us after his coming. We both were working very hard. Somedays I would walk and cultivate 12 A. of corn. Mother would bring out a fresh team in the forenoon and afternoon and a nice lunch for me. Again the summer was too hot, too dry and the crop was worse than the year before. 1895 we were still trying it again on the same farm, and the result was worse than any of the three preceeding years. The Mother our baby and I sometime in October drove in a buggy down to Brown County Kansas so I could earn some money picking corn. On our way home Leroy contracted a cold and on Thursday evening our dear Baby Boy was taken from us. He was seventeen months and sixteen days old. This of course was a very hard blow to us and a very sad Thanksgiving. After losing three crops and all we had to sell was so cheap things were certainly getting to look blue for us. Will give you a few of the prices paid for farm products in 1895 -96 Good horses sold for \$10-\$25; Milch cows \$8-15; Chickens \$2.50 to \$3.50 per dozen. Eggs 8-10¢ per doz. Butter 10-15¢ per pound; Hogs as low as 2:60 per 100# In the fall of 1895 I sold ten head of good steers that averaged 800 pounds 12½¢ per lb or \$12.50 per head. Wheat sold down to 38¢ per bushel, corn 9¢. Of course what we bought was very low in price too. I remember buying eleven packages of Arbuckles Coffee for \$1.00. Well at the end of 1895 we had put in three years of very hard work, the loss of crops and depreciation in prices had shrunk our capitol stock to \$1200. If we only could have saved our baby boy the rest would have not been so bad. March 1, 1896 we moved two miles northeast of our old location on a mighty good 160 A. farm- rent one third of the crop. We felt wretty much whiped but were enthused in our new home and started in hoping we would raise a crop. Well we did raise a wonderful crop of corn. in all about 7500 bu. This corn sold down to 9¢ per bu. but we thankful to have plenty of it and did not sell at the low prices. This year black-rust hit the oat crop about two weeks before harvest and ruined it. 1897- 98 were good crop years and prices for farm products advanced to where we were making some money. On Sept. 17, 1896 born to us a beautiful black haired girl, Margaret Fay. Mother's Brother, Robert Anderson came to work for us I think in the spring of 1897 and was with us most of the time for seven years. He was a mighty fine young man. On Dec. 10 1897 came to us another darling little blue eyed girl, Josephine Clare. In the fall of

1896 we purchased the east eighty acres of land on the farm at which we were to pay 1850 or about 5 per A. This farm lies 1 1/2 miles north and 1 1/2 west of Beaver Crossing, Nebr. 1896 was a good crop year. I attended the Trans-Mississippi Exposition at Omaha in November of this year. Things went very nicely then. These years crops were quite good and prices fair. We were working very hard but happy in our work with our two little girls. Then all these years until about 1901 we rented outside the farm we were on all the way from 80-160 acres each year. In August 1900 with our girls Fay and Clare we made our first visit back to Indiana. This was almost eleven years after we were married and Oh. How much can happen in seven years. We visited Fathers and all my relatives. Had a fine visit and in about three weeks returned to Nebraska. Uncle Robert took care of things while we were gone. Nebraska really seemed like home to us now. We were much interested in the state and feel that it is one of the very best states in the Union to its people. We feel that in a very small way we have done our part.

On April 6, 1891 our fourth baby was born to us, a big bright, blackhaired brown eyed boy Glen Robert Hawkins. It must have been in 1902 that we bought 169 A. of land about three miles N.W. of Germantown Nebr. This was in Howard County and 28 miles from where we lived. We paid \$2600 for this land. It lay in a n L shape. I dug post holes, set the posts and put up a four strand barb wire around it. Did the work mostly alone. We put down a well- a very good one and we always had plenty of water, put up a windmill and so arranged that it automatically kept the tank full of water at all times as I had a large cistern to pump water into. We had at this time begun to handle quite a few cattle and needed this pasture for summer grazing. Would put in about seventy head per season. It proved to be very profitable to us as we were at this time feeding some cattle each year. As I remember most all these years we grew very good crops and prices had gotten considerable better. We were beginning to reap for our years of toil. Our invoice 1904 showed we had 63 head of hogs value \$471.70 69 head of cattle \$2063.40. Our total invoice \$12778.46, our indebtedness \$1850; Net \$10928.46 This was for about 11 years of our first honeymoon. I just want to say here again that Mother was a real help all these years, always ready to help take her place at anything and her work was very hard, raising a family, care of chickens, garden, wash and three good meals each day, never having to wait. Well from now on I will try to make up to her what she lost in those early years of married life, for me these were my happiest years. It must have been in 1902 that we rebuilt our house on the farm giving us a much nicer place in which to live. I think it was in 1903 that we bought the piano for Fay and Clare. In the spring of 1905 we built our new barn 42-46 feet, 20 ft. corners. This was a real barn cost \$2000 or a little more than we had paid for the eighty acres that our home was on. This nice barn made my work much easier and we now had very nice improvements and needed to say we certainly appreciated them and am glad to say very proud of them as we had earned it all by our hard work. Again on March 10, 1906 were blessed with another fine, brown eyed boy with curly hair. We now had quite a nice little family. In Sept of this year we went to Saskatchewan, Canada and bought the N.W. 1/4 Sec. Township 36 Range 18, 160 A paying \$240. This was one of the big mistakes of my life financially as we still own this land and have never rec'd a nickle in return.

Brother George came home with me when I returned from my third visit home in Jan. 1906. He staid with us until Jan-19 May 7, 1907. On Aug. 4, 1906 I attended a thoroughbred short horn pure bred scotchcattle sale at Geneva Nebraska and bought five head of cows and one calf cost \$380. On Nov. 24, of this same year I bought a pure scotch bull, 10 months old "Royal Aberdeen" paying 305 for him. This gave us a very good foundation to breed up a good herd of shorthorn cattle. Then we had our sale in 1910 this bull weighed 2300 pounds and sold for \$340. On April 20, 1907 we bought a farm

of 160 Acres in Frontier County, Nebr. paying \$3000 for it. This too was unwise as far as getting any rent from it, but when we sold it Oct. 1, 1920 for \$7200 we were very well pleased. The following is taken from our day book in 1906. Sold 235 head hogs total \$3148.13 Sold 100 fat cattle total \$6235.29 Total for all sales of the year 1906 \$10,448.88 Quite different from 1896 when we showed a net profit of only \$254.88. Again on Nov. 1, 1909 we were blessed by another fine baby boy Dale Harper Hawkins. This gave us a mighty fine family two girls and three boys. We were very happy but had at this time made up our minds to leave the farm and get away from so much hard work. Looking back from this time to 1897 we were blessed with fine crops and fair prices and we were well pleased with the success we had had.

Our invoice of Jan. 1, 1910 showed a net profit of \$4299.40 for the year. We had 31 head of pure bred cattle valued at \$2100. In preparation for leaving the farm on Feb. 11, 1910 we held our sale and these 31 head of cattle sold for an average of \$120 per head and we were certainly pleased. The total sale amounted to \$4417.80-- Had two auctioneers. In Jan 1910 we sold our farm to a neighbor William Gilvieson \$145. per A. or \$11600. We had made this farm a very model one, good buildings, all fenced, five fields hog tight, plenty of fruit etc. Our invoice on April 1, 1910 showed that our net worth was 430,373 of which the most of it was made the latter thirteen years. We had 800 A. of land valued at 424,270. A good part of the money we made was on the increase of land. We continued to live on the farm until Oct. when we moved to Grafton Nebraska where I had bought a home and a Hardware stock. It was in Jan. 1910 that I went to Oklahoma and bought two farms 160 A. each. One for \$6000 and one for \$5600. The years come and go. The World War came in 1917 which caused an upward turn in everything. Prices of stock, grain, land and everything advanced until it was very high. I think it was in 1919 that Glen and I drove to Oklahoma and put up some improvements on the farms down there. We were gone about six weeks in July and August. Mother staid at home and took care of home and the store and did a good job of it too.

On July 28, 1920 Clare was united in marriage to Otha Earl Swett of Ainsworth Nebr. Leaving at once to make their home at Ainsworth.

It was in the summer of 1918 that fortune smiled on us a little. We recd a check for \$4400 as oil leases on our Oklahoma land and during the three next years we recd \$320 per year but there was no oil or gas. We bought War Saving Stamps and Liberty Bonds with this money.

On Nov. 24, 1920 Fay was united in marriage to John Morrissey of Grafton, Nebr. They at once began the battles of life on the farm the same as Mother and I had 23 years earlier.

We continued to live in Grafton and run the Hardware Store until Sept. 1924 when we sold out to our son-in-law John Morrissey. We had been on the farm 17 years and in Grafton 15 years. These years were not so bad for us as we had our children with us most of the time with the exception of Glen who had to be away at school a good part of the time because of his deafness. We staid at home closely but did take a few trips by auto, and one to Indiana by rail. A part of this time Fay was in Omaha and Ralph in Omaha and Chicago. We were out of business for about one year until in Aug 1925 when we moved to Hebron Nebraska. Our invoice of Jan. 1925 showed us to be worth \$61,029.09 with a gain of only \$559.48 for the year 1924. During the summer of 1925, Ralph, Dale and I shocked grain during harvest. The fall of 1924 I shocked corn for Glen. I also lost about \$3000 during the fall of 1924-25 gambling on the Board of Trade. Let this be a lesson to those who read this.

We bought a nice little home in Hebron for \$4000 and a Hardware stock and goods for \$7000 and Ralph and I went in as equal partners. The years come and go In the summer of 1929 we rigged up our "SSSK" and about June first, Mother, I, and Dale- Fay and Robert, Fay's little boy who was then four years old started out on a real auto trip. We went to Hiawatha, visisted Harmon Greens

and other relatives of Mother's then to Saint Joe, Kansas City, St. Lewis and Indianapolis, on to Howard County Indiana where we visited my cousin Alton Knote about a week also Brother Rolla Hawkins at Franklin. Then we went south into Kentucky and Tennessee and on to Morganton, N.C. where Glen, his wife and little boy live. We staid here about two weeks and enjoyed our visit very much as Glen took us to many places of interest. Leaving there we went on through Virginia up to Washington D.C. As we were nearing Washington in the late afternoon Mother jokingly said "I wonder if we will get there in time to have supper with Hoover?" Probably it was an hour later when Robert looked up at his Mother and asked "Mamma, will we atal allnight with Al Smith?" Of course we all had a good laugh. Lindbergs airplane in which he won his fame was the greatest sight Robert saw in the National Museum. We staid in Washington about two days and started for home July 4, 1922. We travelled through four states, Virginia, West Virginia, Maryland and Pennsylvania. Visited Cousin Mazie Chapman at Fort Wayne Indiana. Also visited Father Walch, John's Uncle at Spring Valley Ill. We arrived home from our 4500 mile drive on the 12 of July with no mishap of anykind.

September first 1930 I sold my half of the Hardware to my son-in-law Earl Swett and since that time I have been resting and helping Mother with the dishes. At this date Feb 17, 1931 I am 64 years old and Mother is 59. We have three grandchildren, James Francis Morrissey born 3-10-23; Robert Warner Morrissey born 2-7-25 and Elbert Warner Hawkins born 6-22-27.

It was in the early part of June 1930 that Glen, Edythe and Elbert Warner came to visit us driving from Morganton N.C. where Glen is teaching in the School for the Deaf. They stopped at Ames Iowa to bring Dale home with them Dale is attending College at Ames. We enjoyed their visit home very much and were sorry to have them leave for they live so far away. Elbert was a real live wire. They were home about ten weeks.

A Short History Of Grandfather Brown

Joseph Brown, son of Hampton Brown and Mary Brown, nee Cabe. Grandfather Brown's Father was born Aug. 11 1799 died Feb. 23, 1871 His Mother was born March 16, 1797 died Sept. 5, 1856. Grandfather was born March 1, 1825. His wife Tempa Couthard born March 1, 1825 They were married Dec. 16, 1841. Grandfather died Nov 28 1897 grandmother died Nov. 28, 1854--do not know where they were born. We have a beautiful quilt that Grandmother made in 1852-- Just two years before she died. It is now 71 years old. This quilt is to go to Fay when we are through with it. Clare is to get my Mother's picture in the enclosed frame, Glen is to have my Father's picture in the small broken frame, Dale my picture taken when I was about seven years old-- the one where my hair isn't combed and Ralph the one where I was about eighteen years old and wearing a cap.

To Grandfather and Grand mother Brown's union were born two daughters, My Mother and my Aunt Tillie.. My Mother was the youngest. After Grandmother died Grandfather married again to Lydia Reed. She was my step Grandmother and a better woman never lived, so good to every one, so kind and loving to me. To this union was born three sons. Hampton D; and Vanmeter and one daughter Sarah. These have all passed on at this writing/ Aunt Sarah (Sade) married Taylor Balleau and they had three boys, Charley, Von, and Floyd and one girl Mazie now living at Fort Wayne Indiana. Her husbands name is Lee Clapman. Uncle Will married a woman by the name of Pricilla Sammons. They had three boys but I do not know their names. Uncle Hampton and Van were both married but had no children. Grandfather Brown was one of the early settlers of Howard Co. Indiana. At a reunion held at Jerome on Sept. 12, 1895 Grandfather was the eldest settler present. We have in our papers an issue of the Green-

town Gem of September 12, 1895 which has a very good picture of Grand father. As I knew Grandfather he was a wonderfully good man. As a boy I remember them living on a farm about a mile south of Jerome. Their house was made partly of native logs but later remodelled into a very good building which is still occupied as a home and in very good condition. It is at this date at least 75 years old. In the days of my childhood I suppose over half of the land was heavy timber. My Grandparents home was certainly a paradise to me. They always had fruit and nuts, flowers and shrubs a nice big yard and a large wooden swing. Grandmother always had the old style hard cookies which I liked so much. I usually spent Saturday night and part of Sunday with them. I remember telling my cousin Alton Knote that I would give five years of my life to see this dear good Grandmother. After a few years on this farm my Grandparents moved to Jerome and bought a Crist Mill. At that time it was operated by water power but later changed to steam power. They continued to live at Jerome until Grandfather died in 1897. Then Grandmother lived with some of her children. 1908 Uncle Hampton wrote that Grandma had no been very well-saying she had just passed her 79th birthday on March 10. Her maiden name was Liddia Reed born March tenth, 1829. I do not know the date of her death but it was probably in 1909-10.

Well, My children this is a brief history of your ancestors on your Father's side. I have tried to make it all clear as I could and I feel sure you will appreciate having it and especially Glen who wrote asking me to write it. Mother will give you the history of her family. Trusting that you, our children will live to be useful in the world, and always love each other.

Your Father,
February twentieth Nineteen Hundred Thirty One

Warner Hawkins

QUERY

On page 265 of Virginia Colonial Abstracts, by Beverly Fleet, under King & Queen County, WILLIAM M. HAWKINS is discussed. Harriett, his widow, was executrix of his will. They had at least four children: Elmira, James, John, and Harriett. The other major name in the article is James G. Row, and the time period discussed was the late 1700's to 1828. Does anyone connect with, or have more information on this particular Hawkins family? - Olyve H. Abbott.

- 10 Since Hawkins Heritage was originated with the hope of identifying the ancestry of James and Margaret Hawkins, born ca. 1765 and 1768, we are including this family group sheet. That original idea has grown into many different Hawkins lines, and we anticipate correspondence from all Hawkins descendants! We hope that in your own researching, you will keep a corner of your thoughts open for this particular family. We now know that Sarah Barnett, w/o John R., is from the same Hawkins line as many of our HH members. Perhaps James is also.

The early Lunenburg County, Virginia, included what is now Mecklenburg, Charlotte, Halifax, Pittsylvania, Henry, Patrick, Franklin and a large part of Bedford, Campbell, and some of Appomattox Cos.

An interesting point of view by the author-"Some people view people interested in their progenitors as disposed to rest on the laurels of their ancestor, rather than on their own merits. Too many see it as false pride. This is unfortunate and unjust.

"We should do honor to our forebears because through almost insurmountable obstacles, untold hardships, and by virtue of rugged ability and sterling qualities of character, they laid the foundations of our freedom and happiness."

This author's views on Virginia's part in the Civil War and the indignities the South suffered, at the hands of the North, should be read by all of us, as we do not really understand the causes for the Civil War.

Who is the mother of Nathan HAWKINS of Baltimore Co., MD. and Sullivan Co., TN? This question has been asked by family researchers for a number of years. There are bits and pieces that may shed light who this person might be.

Nathan was born in St. Paul Parrish, Baltimore co., MD. on 16 Nov 1722. to Rebecca HAWKINS. The parrish records listed Nathan as son of Rebecca, but does not list his father. Two conclusions may be: 1. Rebecca was a member of the church where Nathan's birth was recorded, and her husband was not? 2. Rebecca's maiden name was HAWKINS, and Nathan was illegitimate?

If Rebecca was a HAWKINS, her life may have looked like this: Four years after Nathan's birth, Rebecca marries Wm. Gain, 1 Aug 1727 in Baltimore Co., MD. Wm. was married before to Catherine and had two sons by her. By Rebecca, he had the following children: Elizabeth, b. 13 Jan 1728; John & Wm. b. 16 Sept. 1730. Wm. died between 1730 & 1734. Rebecca marries a second time to James BORING, 5 Aug 1734, in Baltimore Co., MD. She is listed as the Widow GAINS on her marriage license. Which leads one to assume that her marriage to Wm. GAIN, was her 1st marriage, as she would have been listed as the Widow HAWKINS, if she had been married before to a HAWKINS. James BORING dies by 1739. James and Rebecca may have had a daughter named Ann, who was alive in 1742. Rebecca's son Nathan gives his age as 40 in 7 May 1764, when he mentioned his father-in-law, James BORING, whose widow m. James FRAIZER. (James BORING should be the step-father not the father-in-law). Nathan married Ruth COLE.

Rebecca's 3rd husband was John FRAZIER. John gives his age as 50 on 29 Aug 1763 and he married 24 years ago to Rebecca. the widow of James BORING. John died 1779/1784. Rebecca and John had the following children: Ruth, b. c1740; Elizabeth, b. c1742, and John, b. c1744.

If Rebecca was a HAWKINS, her parents may have been Matthew and Ann or Mary PARRISH (daughters of Edward PARRISH) HAWKINS. Matthew died in 1705 and among his children was a Rebecca. This Rebecca was unmarried in 1723 when she conv. land of her father's to Lancelot TODD. So it is very possible that this Rebecca was Nathan's mother. Also if Rebecca was 16 to 20 when Nathan was born, her birth year would be c1702/1706 and she would fit into Matthew's family.
