Dear Cousin Andy;

Your letter rec'd
I have already made 9 of those records
which I have sent to members of your
family & mine. I have 6 more al-
ready to send. Your own immediate fam-
ily is complete, dates and all and will
be a splendid record for you. Some of
the others are not so complete.

Yours is already to send but as
I can't get any mailing case here in Win-
field that will be safe to keep it from
being broken I will wait until some
one is passing back to Ills and
will then send it to you. Gene Chumley,
Elyza Runyon & George Basil Hill already
have them.
